

Press release

Marcus Morawietz joins Greiner AG's Executive Board as Chief Operating Officer

- On May 15, 2025, Dr. Marcus Morawietz becomes Chief Operating Officer (COO) of the Austrian plastics and foam company Greiner AG.
- Most recently, Morawietz was Managing Director and Senior Partner at Boston Consulting Group and brings extensive operational experience in the chemical and process industries.

Vienna/Kremsmünster, March 19, 2025. The Supervisory Board of Greiner AG has appointed Marcus Morawietz (57) as Chief Operating Officer (COO) effective May 15, 2025. Morawietz has excellent experience in the chemical industry along with in-depth methodological and process expertise. He recently served as Managing Director and Senior Partner in the global Industrial Goods practice group at Boston Consulting Group (BCG).

Dominik Greiner, Chairman of the Supervisory Board of Greiner AG, says: "We are very pleased to strengthen the Group's Executive Board with Marcus Morawietz, a professionally excellent and strong personality who brings extensive industry experience and a deep understanding of methods. He impresses us with his strategic vision and operational process competence in the area of commercial and operational excellence."

"We are pleased to gain Marcus Morawietz, a proven industry expert and internationally experienced colleague, for the Executive Board, who will work with us to develop the divisions Greiner Packaging, NEVEON, and Greiner Bio-One. His particularly extensive experience with growth agendas will support us in implementing our corporate strategy and help us further strengthen the Group's stable foundation," explains **Saori Dubourg, CEO Greiner AG**.

Marcus Morawietz (57) has over 30 years of experience in the chemical and process industries, most recently serving as Managing Director and Senior Partner at Boston Consulting Group (BCG). In addition to transformation and M&A projects, his work focused on implementing growth strategies with emphasis on sales and production optimization along the entire value chain of the manufacturing industry.

Prior to joining BCG, he worked at the strategy consulting firms Booz & Company/Strategy& and ATKearney, as well as in operations at Evonik, a leading global chemical company, where he worked in product management, operations, and research and development. Marcus Morawietz studied chemistry at the Technical University of Munich, where he also completed his doctorate. Marcus Morawietz is married and has two children.
